### GOVERNMENT 5-STAR SAFETY RATINGS

**Overall Vehicle Score** ★★★★★  
Based on the combined ratings of frontal, side and rollover.  
Should ONLY be compared to other vehicles of similar size and weight.

|                                                                                                                           |                      |                |
|---------------------------------------------------------------------------------------------------------------------------|----------------------|----------------|
| Frontal Crash                                                                                                             | Driver Passenger     | ★★★★★<br>★★★★★ |
| Based on the risk of injury in a frontal impact.<br>Should ONLY be compared to other vehicles of similar size and weight. |                      |                |
| Side Crash                                                                                                                | Front seat Rear seat | ★★★★★<br>★★★★★ |
| Based on the risk of injury in a side impact.                                                                             |                      |                |
| Rollover                                                                                                                  |                      | ★★★★★          |
| Based on the risk of rollover in a single-vehicle crash.                                                                  |                      |                |

Star ratings range from 1 to 5 stars ( ★★★★★ ) with 5 being the highest.

## Fuel Economy and Environment

**Gasoline Vehicle**

**Fuel Economy**

**28** MPG  
combined city/hwy

**25** city

**32** highway

**3.6** gallons per 100 miles

**You spend \$250 more in fuel costs over 5 years**  
compared to the average new vehicle.

**Annual fuel cost \$1,750**

**Fuel Economy & Greenhouse Gas Rating** (tailpipe only)

**5**

This vehicle emits 317 grams CO<sub>2</sub> per mile. The best emits 0 grams per mile (tailpipe only). Producing and distributing fuel also creates emissions; learn more at fueleconomy.gov.

**Smog Rating** (tailpipe only)

**6**

Actual results will vary for many reasons, including driving conditions and how you drive and maintain your vehicle. The average new vehicle gets 29 MPG and costs \$8,500 to fuel over 5 years. Cost estimates are based on 15,000 miles per year at \$3.30 per gallon. MPGe is miles per gallon equivalent. Vehicle emissions are a significant cause of climate change and smog.
